

Participate in LLM Overlap

The LLM Common Applicants and Matriculation Detail Report provides information about how many applicants have applied to your school and to other schools for the fall term. The LLM Overlap Participation Report displays a list of schools who have agreed to share their applicant data in the LLM Common Applicants and Matriculation Detail Report. Data will be available in the reports every year after October 6. You must choose to participate in the overlap process every year in order to view data in the reports. Schools can begin to participate in the overlap process on September 1.

From the Data Submission tab, select **LLM Applicant Overlap**. Alternatively, select **LLM Applicant Overlap** in the Data Submission section of the site map.

- The LLM Overlap Permission Acceptance page will display. Select **Participate**.

Important!!! Once you click **Participate**, your commitments will be released. You only have to hit **Participate** once per cycle. However, once you do, you are in for the entire commitment cycle. **There is no backing out.**

LLM Overlap Permission Acceptance

Please indicate below your school's decision to participate in the LLM Common Applicants and Matriculation Detail Report. Law schools participating in the reports must also acknowledge and agree to the Statement of Confidentiality below.

My law school will participate in the LLM Common Applicants and Matriculation Detail Reports. I understand that by agreeing to participate in these reports information that this law school has in common with other participating law schools will be released to those schools. I am aware that no school specific information will be provided for, or to, non-participating law schools. I understand that these reports are provided on a strict confidential basis for this law school's internal use only. By clicking the button below I agree to participate and acknowledge the Statement of Confidentiality.

My law school chooses to participate in the LLM Applicant Overlap Reports for the current Fall admission cycle.
