

LSAC Unite® for Legal Master's Programs

Enrollment management technology designed exclusively for law schools

A Centralized, Streamlined Platform to Manage Admissions at Every Stage

Power up productivity. Spend less time on process, more time on high-value work.

LSAC Unite powers the complete law school admission lifecycle — recruitment, application, admission, and enrollment — in a single, all-in-one system. Information, insights, and trends are updated in real time and available at a glance.

Unite is the only enrollment management platform designed specifically to meet the requirements of law school admission. It is flexible and customizable for each school to reflect their unique processes and highlight key information.

Recruitment and Outreach

Unite's key features help you find and engage with prospects.

- Create events and track registration and attendance.
- Design event registration forms.
- Build automated communications before and after events.
- Create information request forms.
- Design communication campaigns.
- Measure the success of emails, events, and forms with robust analytics.

Applicants and Applications

Streamline your application and review process. Capture the information you need to make better, faster decisions.

- Ensure applications are complete by setting up a verification checklist.
- See all information and interactions for each person in a single record.
- Review your applicant pool from a homepage dashboard.
- Manage your workflow using customized grids and views.
- Create an automated review process where an application flows to reviewers and moves ahead through each step in the process.
- Share status, checklists, and other information with applicants via a customizable portal.
- Track vital information via custom fields and grid views.
- Keep team members informed and organized via homepage notifications.

Admission and Enrollment

Shape your class and meet enrollment goals with Unite's powerful tools and analytics.

Secure, Compliant, and Customizable

Robust security standards ensure that applicant information and school data is safe and protected.

- Unite is designed to meet the highest standards of data protection.
- All applicant information is secure and confidential.
- Unite is fully customizable to meet your school's specific requirements.

Harness the power of Unite for Legal Master's Programs

From recruiting to enrollment, Unite supports the complete admission cycle for legal master's programs. One centralized system organizes all law school admission processes and streamlines tasks to maximize efficiency or to support expanding legal master's programs.

With Unite, design a customized application that identifies the unique programs and credentials offered at your school and allows applicants to state their areas of interest and preferred method of instruction.

Dynamic and evolving, Unite is updated frequently to reflect law schools' most-wanted features and functionality. Comprehensive training and support options help law schools make the most of Unite's powerful capabilities.
