DRIVING INFORMATION

Arriving by Plane

River Rock is literally a few minutes from the Vancouver International Airport, and is easily accessible by taxi or by the Canada Line Skytrain that departs directly from the airport. Depart the skytrain at The Bridgeport Station, and you'll see River Rock from the platform. River Rock is a quick 7 minutes away from the airport.

Arriving by Car

River Rock is centrally located for drivers coming from Vancouver, the Lower Mainland or Washington. By car, we're a mere 10 minutes from Vancouver International Airport and 20 minutes from downtown Vancouver or the US border. Need directions?

From Vancouver

Take the Oak Street bridge (access is from 70th and Oak only), and then take the exit 39a for Bridgeport Road. It's the first exit after the bridge. Take a right at Great Canadian Way and you'll see River Rock in front of you. By Canada Line rapid transit (at Bridgeport Station) River Rock is 18 minutes from the downtown waterfront.

From the Lower Mainland

River Rock is accessible from highways 99 and 91, and Marine Way. If you're coming from Surrey, follow directions below for people coming from Washington.

If you're coming from the Lower Mainland communities of Northern Burnaby, Coquitlam, or further afield, then take the Trans Canada Highway 1 to the Grandview exit and drive down Grandview until you get to Clark Drive. Turn left on Clark Drive and continue straight until you go over the Knight Street bridge. Take your first exit after the bridge, The Bridgeport Road exit.

Turn right on Great Canadian Way and you'll see River Rock in front of you.

From Washington

Follow the I-5 over the Canadian border, which becomes Highway 99, or BC-99 North. Stay on the 99 for 24 miles and take exit 39 for Bridgeport Road West. Turn left onto Bridgeport Road. After 0.4 miles, take a right onto Great Canadian Way and you'll see River Rock in front of you.
